Level 2	3%	1
Level 3	2%	0

# Strengths & Opportunities

## 01. Multiple Income Streams

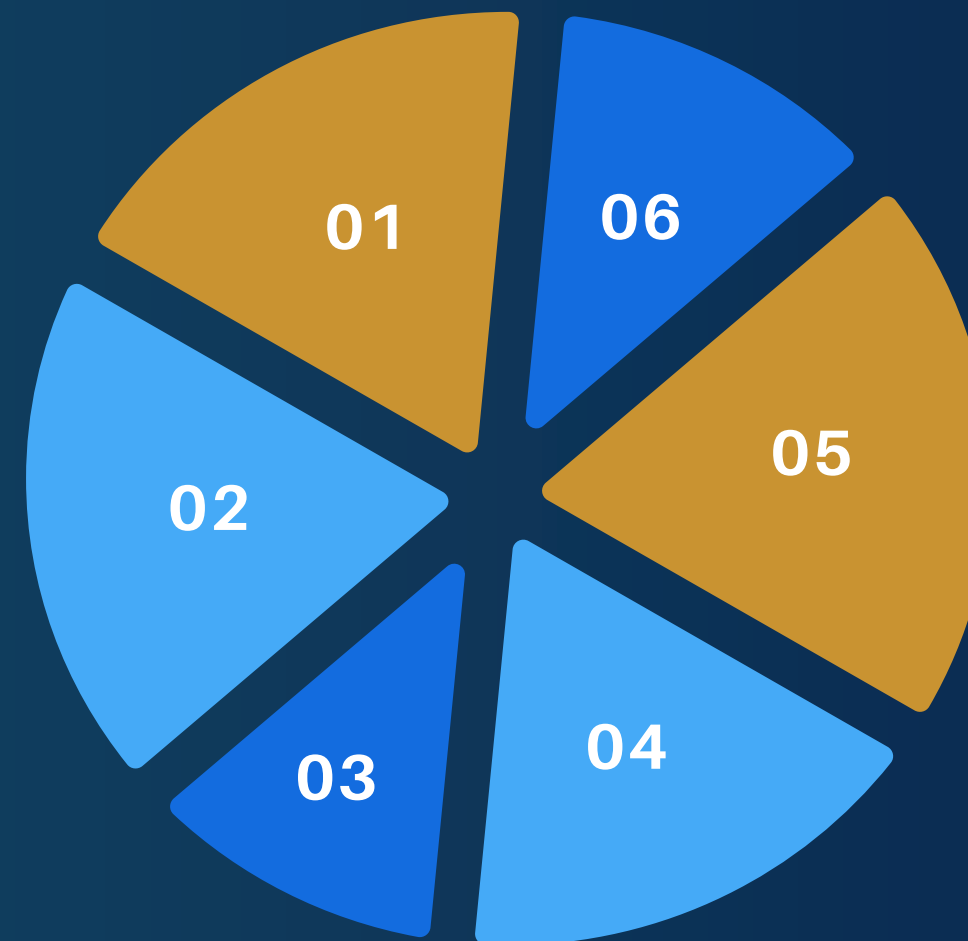

Earn from **Daily ROI, Direct Income, Network Bonuses, Level Income, Royalty, and Rewards**. This provides members with multiple ways to generate earnings.

## 02. 3X Capping System for Sustainability

Ensures that funds are **recycled back into the system**, preventing over-exhaustion of payouts. Members must **reinvest after reaching 3X** to continue earning, which maintains liquidity.

## 03. Leadership-Oriented Plan

**Referral Bonus & Network Bonus** motivate leaders to actively support their downlines. The **Royalty Income & High-Level Rewards** also encourage long-term network building.

## 06. Rewards & Elite Club for Top Leaders

Boston Club Membership offers a share in 5% company revenue + a luxury villa. This creates aspiration and motivation for top networkers.

## 05. Passive & Active Income Combined

Even if someone does **not refer**, they still earn **daily ROI**. But leaders who build teams get **extra bonuses**, making the plan **attractive for both passive investors & networkers**.

## 04. Forex-Based ROI (Market-Driven)

Unlike Ponzi structures, **returns are backed by Forex trading**, making the plan **more sustainable**. This adds **credibility** and prevents complete reliance on new joinings.
